IKA

designed for scientists

MultiDrive MI 250.1 Standard beater, stainless steel

/// Data Sheet

Standard beater, stainless steel
Suitable for most brittle materials up to Mohs hardness 5
Compatible with IKA MultiDrive MI 250 / 250 T

designed for scientists

Technical Data

Process type	batch
Operating principle	impact
Feed hardness max. [Mohs]	5
Material beater/cutter	stainless steel 1.4034
FDA conform	yes
Multi use	yes
Beater/Knife diameter [mm]	71
